INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY presents to subscribers and the general public, this, the latest edition of the Belmont, Cramerton, Mount Holly and Stanley City Directory. (In all, R. L. POLK & CO., and its affiliated companies publish more than 1,300 city and suburban Directories).

Confidence in the growth of Belmont, Cramerton, Mount Holly and Stanley's industry, population and wealth and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting cities and communities to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public throughout the country, has been established by rendering the best in Directory service, with an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional people and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Directory will fulfill its mission as a source of authentic information pertaining to the city and county.

Four Major Departments

The four major departments are arranged in the following order:

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business Section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES, of residents and business and professional concerns is the second major department, printed on white paper. This Directory aims to show the name, marital status, occupation, home owner symbol, telephone number and address of each adult resident, and the name, official personnel, nature, telephone number and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, is the third major department, printed on green paper. In this section, the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in

844671

numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers, new householder symbols and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The City Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what they have to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. The publishers have placed copies of this issue of the City Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Belmont, Cramerton, Mount Holly, Stanley and vicinity.

The Belmont, Cramerton, Mount Holly and Stanley Out-of-Town City Directory Library

Through the courtesy of the publishers of the Belmont, Cramerton, Mount Holly and Stanley City Directory, a Directory Library is maintained in the office of the Belmont Chamber of Commerce, Inc., for free reference by the general public. This is one of many Directory Libraries installed in cities and towns throughout the United States and Canada through the courtesy of your publisher.

The publishers appreciatively acknowledge the recognition of those progressive business and professional people who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

General Review

Belmont is located in what is known as the South Point section of Gaston County. This section is formed by the junction of the South Fork River with the Catawba River. Two hundred years ago, this section was inhabited by thousands of the tribe of Catawba Indians, and it is from this tribe that the river which divides Mecklenburg and Gaston counties gets its name.

No section of Gaston County is richer in history than this section, in which Belmont is located. During the War of the Revolution, Major Wm. Chronicle, from this section, together with many from South Point, fought in the battle of Kings Mountain and in other important engagements in the war.

**Minnie Stowe Puett
Memorial Library Building
Erected June, 1960**

Many from this section, with family names now prominent in Gaston County, served in the Civil War. The same was true in the Spanish-American War of 1898 and the World War of 1917 and 1918, and of those who served in World War II and the Korean War.

An example of the rich history of this section is the monument, near Belmont, erected on what is alleged to be the spot where Nancy Hanks, mother of Abraham Lincoln, lived with her uncle, Dicky Hanks, during her girlhood, before marrying Thomas Lincoln and moving to Kentucky. The monument is of granite, and stands in South Point Township of Gaston County, a mile from Belmont, on the farm formerly owned by the late C. T. Stowe. It was erected by descendants of Mr. Stowe.

The Southern Railway built its road through this section in the early 1870's, and this hitherto agricultural section soon became a trading center of much importance. In 1878, leaders of the Order of St. Benedict, with Leo Haid as director, founded a monastery here, which is known as the Belmont Abbey, and about that time this trading center was named "Garibaldi." In 1895, by an act of the General Assembly of North Carolina, Belmont became an incorporated town with a population of approximately 100.

During the 85 years that have come and gone since then, the town has grown rapidly. In 1900, the population of Belmont was 145; in 1910, 1,176, in 1920, 2,941; in 1930, 4,121, and in 1940, 4,356; in 1950, 5,330. The U.S. Census of 1970 gave the town a population of 5,054.

This community, known as "Greater Belmont," has a population of 17,500.

Numerous championship athletic teams and dramatic and forensic groups have been produced at South Point High School and at Belmont Abbey. Two years after South Point High School's band was organized, it won the national championship in its class at a national tournament in Richmond, Va., in the spring of 1941.

While speaking of schools, it must not be overlooked that Belmont is a college town. For here are situated Belmont Abbey College for men and women, and the Sacred Heart College for men and women.

Belmont Abbey College is the oldest Catholic institution of higher learning in the South Atlantic states. It draws its students from throughout the North and the Atlantic Seaboard and from a number of foreign countries. An increasingly large number of students from Belmont and Gaston County attend this institution.

Sacred Heart College for Men and Women is sponsored by the Sisters of Our Lady of

North Carolina Vocational Textile School

Mercy. It also numbers many Gaston County young people among its students. Sacred Heart is now a four-year senior college.

Belmont Abbey is a Benedictine monastery, the abbot of which is an ordinary; that is, he has jurisdiction over the eight counties of western North Carolina akin to the jurisdiction of a bishop of his diocese. It is the only abbey of its kind in the United States.

Because of the connection of the abbot-ordinary, the Abbey church is also a cathedral—the only abbey cathedral in the United States. The stained glass windows in the Abbey Cathedral are from Myers Brothers studios in Munich, Bavaria. They are nationally-known because they were awarded the gold prize at the World's Fair in Chicago in 1892.

Of great historical interest on the campus of the Belmont Abbey College is the Slave Block (perhaps the only genuine slave block in the country). It is a round block of natural stone, measuring about three feet in diameter and 4 1/2 feet in length. Slaves were exhibited and sold on this stone in antebellum days.

Another point of interest on the Abbey campus is the Dutch Oven Bakery of the institution. This bakery has been in use for over 50 years, and the baking is still done in this old form of fireless cooking. Also of religious interests is the Grotto on the Abbey campus. It is an outdoor chapel recessed in the side of a hill in a rustic stone setting, a shrine at which religious services are held.

Nearly all the civic clubs have units or chapters in Belmont. The Belmont Rotary Club, the Belmont Kiwanis Club, the Belmont Business and Professional Women's Club; also Belmont Lions Club, Optimist Club, the American Legion, the Legion Auxiliary, the Parent-Teachers Association, the Belmont Chamber of Commerce—these organizations are all working actively towards the building of a larger community and a more worthwhile city.

The citizens of Belmont are church-going people. All leading religious denominations are represented here. Forty-seven churches furnish the citizens ample places for worship. Each of these has an able and well-qualified man as pastor. These fine churches, with their large and loyal congregations, add much to the attractiveness of the town, a

convincing inducement for people to locate here permanently.

The American Legion Building is located on Park Drive. This beautiful building, complete in detail and furnishings, was donated to the American Legion by the Lineberger Foundation of Belmont, North Carolina. This structure serves as The Home of the Auten-Stowe Post No. 144, American Legion. The building is frequently used for social gatherings of many groups and parties.

All in all, Belmont is a wholesome, friendly community with a promising future to match its rich past. There is a spirit of cooperation among the people and the business of the community, the pride in the growth of Belmont's industries and varied institutions. There is a deep consciousness of the history of the town, and the people look confidently towards the future, feeling sure that the community will continue to prosper and grow.

General Review

The City of Mount Holly, located in Riverbend Township on the west bank of the Catawba River, is exceedingly proud of its contribution to the history of Gaston County, and it has reason to be. It is one of the oldest cities in the county, having earliest settlers almost entirely of Scotch-Irish descent. Two pioneer families of the community held land grants from King George II of England. Another landowner, Robert Alexander, planter and soldier of the Revolution, was one of the first members of the General Assembly in 1781-1787. His home, the "Old Hutchinson Place," and the farm of General D. H. Hill, are two historical sites here.

One of the many interesting points in Mount Holly's history is the fact that it was the first in the county to boast a railroad, causing the city to become a focal point for

business and transportation. In the earlier days, the city was known as Woodlawn, even though the railway station, where the Carolina Central Railroad ran through in 1869, was called Tuckaseege. When the citizens decided to incorporate in 1889, the name Mount Holly was chosen. This name is attributed to two sources. The Mount Holly Mills, built in 1874, were, as some say, so named because at that time, Mount Holly, New Jersey produced the best yarn and local proprietors wanted the name of their plant to be synonymous with the best products. Another source ascribes it to a number of holly trees growing on the banks of the nearby Dutchman Creek.

In its first charter, W.T. Love was named mayor, and its first elected mayor was W.B. Rutledge. These two men, succeeded by many other capable leaders, have been responsible for Mount Holly's rise from the position of seventh in size in Gaston County to second.

American & Efrid Mills, Mount Holly, North Carolina, General Office Building. The building, a reinforced concrete structure with concrete panel walls, is on two floors and contains 18,664 square feet. The building houses executive offices of the company, along with the yarn sales departments, general accounting, credit and cost departments. A cafeteria for all office employees is also included.

In the city's early days, farming was the principle means of making a living, but the year 1848 brought the building of the first textile plant in the county at Mountain Island, which was to change the citizens' way of life. This one was followed by three others, established here during the late 1880's and the early 1890's. The year 1906 saw the construction of Woodlawn Mill, the first in Gaston County to be run by electricity.

Mount Holly's most important industry is textile manufacturing, with its modern plants tending to establish the industry. The largest economic influence has been American & Efrid Mills, Burlington Industries, Superior Yarn, Fieldcrest Mills, Leaksville Woolen Mills, Sou-Tex Chemical, Located just outside the city is Southern Dyestuff Corporation.

Making the city readily accessible are nearby airports, train stations, and intra-city bus lines. Providing Mount Holly with the most modern business facilities are department stores, loan offices, drug stores, super markets, gas stations, furniture stores, banking,

building and loan, hardware, auto supplies, automobile sales, and restaurants. The city is kept well-informed by a weekly newspaper, The Mount Holly News.

Mount Holly serves its nearly 8,000 people with all the conveniences found in the larger cities. It has 26 miles of paved streets. A football field, baseball field, tennis court, and basketball court furnish the resources of the city's athletic events. It has a police department with 15 men, 4 patrol cars, and a station in the heart of the city; also, a fire department with four regular men, a number of volunteers, and a new station. Also rendering its services to the city is a volunteer life saving crew.

Founded in 1953, the Sou-Tex Chemical Co. was bought out by the American Hoechst Corp., and since 1975 has been known as Sou-Tex Works, a division of the American Hoechst Corp. The plant rests on 11.6 acres of land which borders the Catawba River in Mount Holly. Sou-Tex Works presently employs 82 people, and is undergoing major expansion.

Mount Holly has been governed by the council-manager form of administration for the past 20 years. It consists of a mayor, council, and manager. Elected for a term of 2 years, the mayor is the official head of the city. Council members are elected for terms of 4 years, with the Council approving the City's budget and tax rate, passing all laws governing the city, being directly responsible for the conditions of municipal affairs, and appointing a city manager who serves as the administrative head of the city government. Elections are held every 2 years on the first Tuesday in November.

The school system, known as one of the best, consists of nine large buildings. Providing education for students in grades 1-12, these schools house a staff of 141 teachers.

Fostering a strong sense of spiritual morals are 19 local churches, including places of worship for the Methodist, Lutheran, Presbyterian, Episcopal, Baptist, Church of God, and Holiness. Action organizations affording members of the community the opportunity to meet together are the Lions Club, Masonic Order, Rotary Club, the Optimist Club, Junior Chamber of Commerce, American Legion, Veterans of Foreign Wars, and the Women's Civic Club.

The city is the scene of a great deal of recreational activity. The Mount Holly

Recreation Association offers its members swimming and tennis, and for the sportsmen, there is boating, skiing, and fishing on the nearby Catawba River. The fine Green Meadows Golf Course provides leisure and fun for the golf enthusiast.

The modern school auditorium and large community building are scenes for beauty pageants, plays, club meetings, banquets and dances.

Through enthusiastic efforts of the city's Beautification Commission, much interest has been shown by each of the city's individuals toward making it a more beautiful place to live.

Friendly people, modern business and housing facilities, beautiful surroundings, provisions for education and recreation, and places of worship for all make Mount Holly the ideal place for family living.

STANLEY

(Courtesy of Town of Stanley)

HISTORY OF STANLEY

Stanley, over 100 years old, was a tiny farm community until 1862, when the Seaboard Railway reached town and terminated there. Here passengers by buggy and freight by wagon were dispatched to surrounding country, and here they were gathered to await transportation, for there was no other railway in the area.

In the Civil War, Stanley (then called Brevard) was a point for drilling soldiers awaiting transportation, and all this traffic made the little town grow. Real development came in 1891 with the organization of the Stanley Creek Cotton Mills. Under various names, it has operated ever since. Other industrial enterprises now include a large division of J. P. Stevens and Company, and The Gaston County Dyeing Machine Company, which furnishes dye machinery to plants all over the world.

Talon, Inc. has a large plant in Stanley where the tape and coil used in zipper fasteners is made, dyed and finished. Talon uses nearly a million and a half yards of tape per day which is attached to the nylon fasteners. Not all of this yardage is woven in the Stanley plant, but all of it is finished there, and about 300 workers find employment there.

The Stevens Mills, both here and Bessemer City, are equipped to produce yarn for all fabrics, both synthetic and natural. The mills have unusually extensive recreation and employee welfare programs.

Our newest industries are Stanley Knitwear, which manufactures boys' and men's underwear, and employs 150 people. Stanley Narrow Fabrics and Discwax Co. make wax that is sent to plants over the country to keep yarn running smoothly in winding and weaving of cloth.

The first church in the community was the Christ Lutheran Church. This church was organized in 1841. The Methodist Camp Ground, which attracted thousands of worshippers to its huge brush arbor each August back in the '60's and '70's, grew into the Stanley Methodist Church.

The Presbyterian Church grew from the oldest church in Gaston County (Goshen).

Nearby is the old Rhyne House built in 1799 of homemade brick, and still occupied by the Rhyne family.

Stanley today is a long slender town, stretching along both sides of the railroad tracks. The town's population today is around 3,000. Today we have a modern swimming pool, a very fine school of dance, several supermarkets, and clothing stores. Our town offers 13 religious affiliations. On the outskirts of Stanley is a very fine restaurant and a modern Country Club with 18 holes of golf. We have four practicing physicians and a new county hospital eight miles northwest. We have an excellent Civil Defense and Rescue Squad ready to help at the snap of a finger. Our dentist has just finished a new modern office in the center of town. Yes, you will find Stanley a quiet and friendly town. Here the days are free and the living is easy.

Stanley is located 10 miles northwest of Gastonia, 18 miles west of Charlotte, one of North Carolina's largest cities, and 12 miles southeast of Lincolnton in the western section of North Carolina.

Power of Advertising

THE CITY DIRECTORY is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

★ Out of Business ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. Insist on being well represented in its pages.

CASHIERS! TELLERS! CLERKS!

*Do your employers furnish you with the
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

USE YOUR STREET DIRECTORY FOR ...

— *The Most Comprehensive List of Occupants By Addresses*

- BY NEIGHBORHOOD, AREA, SECTION OF CITY
- BY NEW "MOVE INS" ON EACH STREET
- BY PROPERTY OWNERSHIP
- APARTMENT OR OFFICE BUILDING OCCUPANTS
- ZIP CODES

— *Neighbors Of Your Present Customers...*

Identifies friends, neighbors of present customers
Permits mail, telephone or personal contact of prospects
Identifies home businesses or professions

Identifies prospects not in telephone book
Identifies householders
Reveals new families in your area
Shows renters on each street

— *Identification - Collections - "Skip" Tracing*

Verifies home ownership and other information concerning applicants
Lists all occupants of apartment and office buildings

Shows telephones of neighbors of "skip" for obtaining new address or information
Shows nearby businesses who may know applicant or "skip"

— *Deliveries And Service Calls... AVOID DELAYS -- SAVE TIME AND DOLLARS*

Verifies addresses
Locates nonexistent or illegibly written house numbers and streets
Shows location of intersecting streets

Shows apartment numbers and occupants of each apartment
Permits verification of telephone orders and defeats "prank" calls

— *Emergency Use... CLOSEST NEIGHBOR...NEAREST PHONE*

Especially helpful to law enforcement agencies, public service organizations, members of the medical profession, schools, hospitals and others where immediate contact is frequently necessary to save lives, prevent crime, apprehend criminals and in many other emergency situations.

Who's Who- and Where?

Such questions can only be answered by the Directory and that is where people look when they want to buy.

**Are you
properly
displayed
therein to
get the
business?**

When You Want to Know:

- where a person lives.**
- what his occupation is.**
- who lives at a certain number on
a street.**
- where a street is located.**
- the correct spelling of a name.**
- the officers of a corporation.**
- the partners in a firm.**
- the solution to any of scores of problems
that pop up unexpectedly to annoy and
baffle you.**
- you can quickly find the answer
in the City Directory.**

NUMERICAL TELEPHONE DIRECTORY

The Telephone Numbers and names in this Directory were supplied to us during our regular door to door canvass.

This Directory is designed to assist you in providing additional information when only a telephone number is available.

NUMERICAL TELEPHONE DIRECTORY

BLUE PAGES

This Directory takes the "mystery" out of blind numbers. It lists telephone numbers in numerical sequence, making it easy to "decode" blind phone numbers in classified ads—especially valuable for real estate agencies, used car dealers, etc.

WHAT'S IN A PHONE NUMBER?

ABOUT THE FIRM:

Who called me? When your call back message gives a telephone number only—or includes a common surname such as Jones, Smith, Brown, etc.—this Numerical Telephone Directory will assist in determining correct firm name. Make use of both Alphabetical and Street Guide information to establish names of officers, owners or partners, products and services, and correct address. Properly identify firm and caller and have needed records, file or correspondence on hand before returning call.

ABOUT THE INDIVIDUAL:

Who called me? When only a telephone number is known, this Numerical Telephone Directory will assist in determining the name of the subscriber—with this information combined with other sections of your City Directory you may quickly establish such information as wife's name, place of employment, job title, home address, business address and telephone number.

FAIR PRACTICE CODE

for ADVERTISING and SELLING

**recommended by the ASSOCIATION OF
BETTER BUSINESS BUREAUS, INC.**

- I. Serve the public with honest values.
- II. Tell the truth about what is offered.
- III. Tell the truth in a forthright manner so its significance may be understood by the trusting as well as the analytical.
- IV. Tell customers what they want to know – what they have a right to know and ought to know about what is offered so that they may buy wisely and obtain the maximum satisfaction from their purchases.
- V. Be prepared and willing to make good as promised and without quibble on any guarantee offered.
- VI. Be sure that the normal use of merchandise or services offered will not be hazardous to public health or life.
- VII. Reveal material facts, the deceptive concealment of which might cause consumers to be misled.
- VIII. Advertise and sell merchandise or service on its merit and refrain from attacking your competitors or reflecting unfairly upon their products, services, or methods of doing business.
- IX. If testimonials are used, use only those of competent witnesses who are sincere and honest in what they say about what you sell.
- X. Avoid all tricky devices and schemes such as deceitful trade-in allowances, fictitious list prices, false and exaggerated comparative prices, bait advertising, misleading free offers, fake sales and similar practices which prey upon human ignorance and gullibility.

Out of Sight

★ Out of Sight

The importance of product names is widely recognized by the business community. It is astonishing to see a product, however meritorious, fall into the limbo of the forgotten, unless it is consistently advertised.
